### e-Portfolio Module

The MSc in Applied e-Learning includes an e-portfolio developed over two years, for which 15 ECTS credits are awarded at the end of Year Two and contributing to the award of the MSc. This checklist supports development of the e-portfolio and is based on the formative feedback sheets given to students at intervals during the programme. The formative feedback process was developed by Muireann O'Keeffe and Dr Roisin Donnelly, and this version with some minor amendments by Dr Claire McAvinia.
